PLAY DOUGH SUPPLIES ARE THE BEST!

We just reordered these--we love the play dough supplies especially. My kids use them too--almost daily. They hold up well and I love supporting this little business. :)

Welcome

Hello! Pleased to meet you. We are Elke and Ray (master craftsman) the owners behind the Toy Maker of Lunenburg.

The Toy Maker of Lunenburg is one of Canada's oldest makers of handmade, high-quality wooden toys. Crafted with care on Canada's East Coast, we design and develop all our toys and games with local wood sourced from sustainable forests.

Our products—from toddlers' building blocks to brain teasers for adults—are proudly, and entirely made in Canada, from Canadian materials and with lots of love.

The Toy Maker of Lunenburg has been making quality games and toys for kids of all ages since 1979. We offer stained products for those who like to brighten their playrooms and unstained products for natural enthusiasts.

Our retail partners have been the core of our business since the beginning. Ordering is fast and easy. You will find a suggested starter pack and our terms and conditions at the end. If you have any questions just drop us a line at info@toymakeroflunenburg.com or give us a call at (902) 209-2599. We will be very happy to help!
